UMIS URBAN MOBILITY & INFRASTRUCTURE SHOW

19 – 22 JANUARY 2025

INDIA EXPO CENTRE & MART
 GREATER NOIDA, NCR-DELHI

Day 1

Groundbreaking Urban Mobility Infrastructure Show (UMIS) 2025 Launched

Shri Sunil Barthwal, IAS
 Secretary, Ministry of Commerce and Industries,
 Government of India

The maiden edition of the Urban Mobility Infrastructure Show (UMIS) 2025, a key segment of the 2nd Bharat Mobility Global Expo 2025 inaugurated by Shri Sunil Barthwal, Commerce Secretary, Ministry of Commerce and Industry, at the India Expo Centre & Mart, Greater Noida. The event witnessed the presence of prominent figures, including Mr. Amit Dutta, Chairman of the CII Taskforce on Short Haul Air Mobility; Shri V Vivekanand, President of ICEMA and MD of Caterpillar India; Shri

Pankaj Chadha, Chairman of EPC India; and Dr. Rakesh Kumar, Chairman of India Exposition Mart Ltd., along with a distinguished lineup of policymakers, industry leaders, and global stakeholders. Featuring the Urban Air Mobility Pavilion and the Bharat Construction Equipment Expo (BCEE), the event set the stage for transformative discussions, cutting-edge showcases, and collaborative opportunities aimed at reshaping India's mobility and infrastructure landscape.

UMIS 2025 is a landmark initiative that brings together policymakers, thought leaders, industry experts, and global stakeholders. Together, we aim to shape a more sustainable, interconnected future. We are moving forward with the vision of **Make in India, Make for the World**. Our engineering and mobility sectors are already major contributors to global exports. **UMIS 2025** is not just a showcase of capabilities but also a testament to India's ability to scale innovation and meet global demands." He also highlighted India's unique demographic advantage and the critical role of innovation in driving progress. "India's youth is a natural strength that can propel us toward becoming a global leader in mobility and infrastructure. Events like **UMIS 2025** create platforms where talent, industry, and academia converge to build solutions that serve not only India but the world."

UMIS URBAN MOBILITY & INFRASTRUCTURE SHOW

Day 1

19 – 22 JANUARY 2025

INDIA EXPO CENTRE & MART
 GREATER NOIDA, NCR-DELHI

Pioneer's Talk:

Shri Vimal Anand, Joint Secretary, Ministry of Commerce & Industries: This integrated showcase of urban mobility is part of the 2nd Bharat Mobility Global Expo. We've expanded our focus to include not only surface transport but also air mobility solutions and inland waterways, alongside metro rail and rapid transit systems, among other innovations. Several prototypes of Electric Vehicles are on display, reflecting the strides being made in sustainable transportation. All of these innovations are here to provide multimodal mobility solutions, catering not only to the everyday commuter but also addressing the needs of commercial sectors across the country

Dr. Rakesh Kumar, Chairman, IEMIL: We are confident that the collaborations and insights gained at UMIS 2025 will drive meaningful advancements in mobility and infrastructure. The diverse range of innovative solutions and ideas shared at this event will play a pivotal role in shaping the future of urban mobility in India and globally. As we witness cutting-edge technologies and transformative ideas on display, it is clear that the opportunities to revolutionize transportation and infrastructure are immense. I urge everyone—delegates, exhibitors, and stakeholders—to actively engage, explore the latest innovations, and contribute their expertise to India's growing mobility landscape. Together, we can pave the way for a smarter, more sustainable future, driving India's growth story toward new heights in the global urban mobility revolution.

UMIS URBAN MOBILITY & INFRASTRUCTURE SHOW

Day 1

19 – 22 JANUARY 2025

INDIA EXPO CENTRE & MART
 GREATER NOIDA, NCR-DELHI

Pioneer's Talk:

Shri V Vivekanand, President of ICEMA and Managing Director of Caterpillar India while sharing his insights into the Indian construction industry said, "The Construction Industry has experienced remarkable growth over the past four years, driven not only by robust domestic demand but also by a surge in export demand. Indian manufacturers have earned global recognition for their products, which are considered world-class and on par with the best in the world. This widespread acceptance highlights the industry's rising stature. As the world's third-largest construction industry after the United States and China, India is on a rapid growth trajectory. This progress is primarily fuelled by the Indian government's significant emphasis on infrastructure development, a mission-critical element of the country's journey towards becoming a global economic powerhouse. With this momentum, the industry is poised to soon surpass China and become the second-largest construction market globally.

Shri Amit Dutta, Chairman of the CII Taskforce on Short Haul Air Mobility: UMIS 2025 promises to be an incredibly exciting show! We are already witnessing how long-distance travel can feel as seamless as short-distance journeys, and that is the future of urban mobility. It has significantly eased commuting and transportation, and this platform is a fantastic opportunity to showcase innovative urban mobility solutions. Many of our delegates are coming from abroad, and we are looking forward to sharing visions and insights on the developments happening around the world in this dynamic sector.

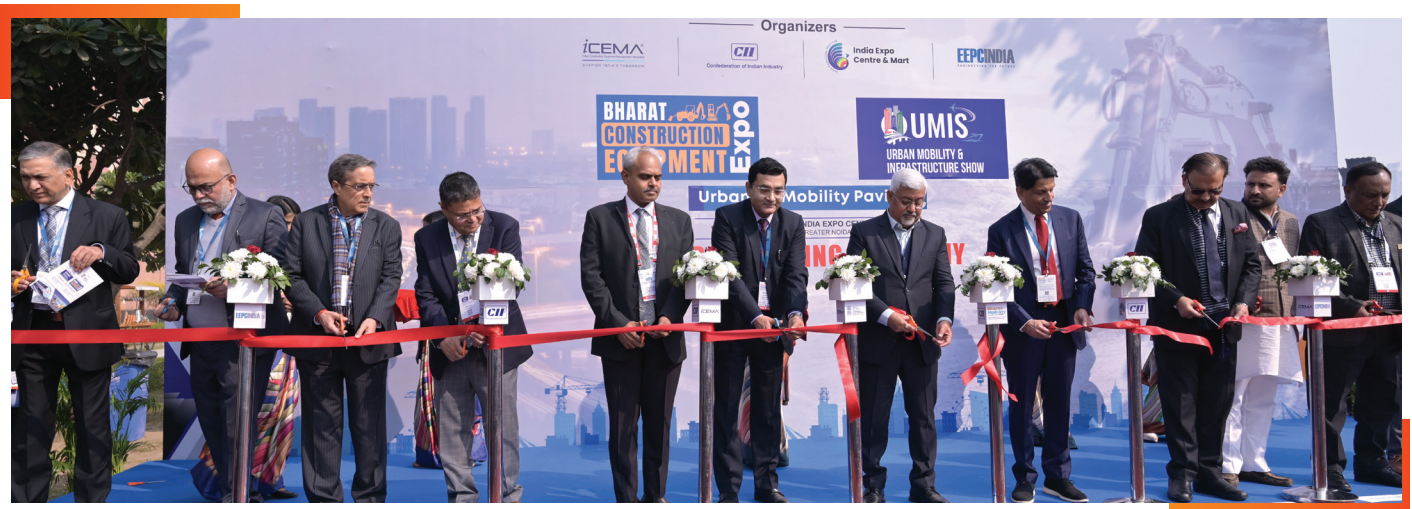

UMIS **URBAN MOBILITY & INFRASTRUCTURE SHOW**

Day 1

19 – 22 JANUARY 2025

INDIA EXPO CENTRE & MART
 GREATER NOIDA, NCR-DELHI

UMIS 2025: Tri-Dimensional Showcase of Urban Mobility Sector

UMIS 2025, Urban Air Mobility Pavilion and Bharat Construction Equipment Expo (BCEE) collectively feature over 120 exhibitors and expect to host more than 20,000 trade visitors. With a focus on sustainable urban transit, cutting-edge equipment manufacturing, and energy-efficient mobility solutions, the event underscores India's growing influence in the global mobility landscape. The event's centrepiece is its sprawling 34,000+ square meter exhibit area, which showcases groundbreaking technologies, from electric vehicles to drones and state-of-the-art construction equipment.

The two shows at India Expo Centre & Mart, Greater Noida, Urban Mobility Infrastructure Show (UMIS) including Urban Air Mobility Pavilion and Bharat Construction Equipment Expo (BCEE) have set the stage for transformative discussions, innovative showcases, and collaborative opportunities that aim to reshape India's mobility and infrastructure landscape.

Testimonials:

Mr. Pankaj Chadha, Chairman, EEPC: India I congratulate the organisers for such wonderful confluence, UMIS is exhibiting the great strength from day one we can see all the stakeholders from the Urban Mobility Sector, there are Metro Developing Corporations present from all the major cities, Bengaluru, Noida, Kochi. I am optimistic for great outcomes from these gatherings.

Mr. V Vivekanand, President ICEMA and MD, Caterpillar India: The Exposition is posed to portray industry partners with great infrastructure, both Bharat Mobility Expo and UMIS are hosting great stakeholders which can come together with groundbreaking technologies. I highly recommend everyone to visit the Show.

Mr. Manish Rokade, GM Marketing, Pawan Hans Limited: We are incessantly contributing to the sector of Urban Mobility through our revolutionary innovations, and we are pleased to see such infrastructure at this exposition, it is a good platform for upscaling and enhanced brand visibility.

Dr. Sameer Mohammad, Visitor from Dubai: Elated to see how India is growing, it is my first time visiting such an exposition, and it was delightful to network with amazing people and stakeholders here. I am hopeful that India will grow more into this segment, I congratulate the organisers of UMIS.

Mr. Ashish Sharma, Senior Manager (Sales & Marketing), Alliance Air: UMIS is a great platform to experience a global gold standard of technological integration. I highly recommend everyone who is passionate about learning an exploring Urban Mobility, Construction and Transportation to visit UMIS.

Ms. Meenu Kakkar, Kono Lighting Private Limited: We are delighted to join this platform UMIS which is giving our two brands both Jivah and Kono Lighting a great marketability boost, and visibility. Here to see a great growth ahead in Urban Mobility and Beautification sector.
